ABOUT US

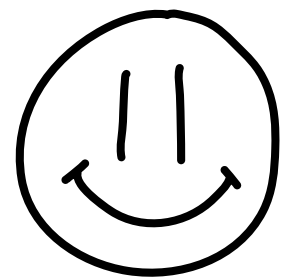

E-Tafakna is a LegalTech startup transforming the way individuals and businesses access and manage legal services across the MENA region.

Our platform provides an easy-to-use, secure, and accessible environment for digital signatures, online legal expertise, and intelligent assistance — all enhanced by AI technology that supports and guides users through their legal processes.

By combining innovation and expertise, E-Tafakna empowers users to handle legal tasks smarter, faster, and with greater confidence, making it the leading LegalTech platform in the MENA region.

We are looking for talented, ambitious individuals to join our team and contribute to this mission through the following roles.

Why Join E-Tafakna

Work on a **real-world startup impacting thousands of users**

Collaborate with a **cross-functional team**
(AI, legal, product, design, marketing)

Mentorship from founders and industry professionals

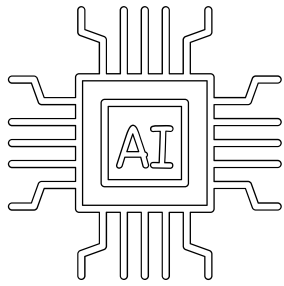

Get **exposure to innovation in LegalTech**

Remote-friendly & hybrid work options
